HONEYCOMB SHADES

Fabric: Woodgrain, Dwan Gray
Cell & Opacity: 20mm Blockout
Style & Control: Bottom-Up, Wynnmotion.

ELEGANT & ENERGY EFFICIENT HONEYCOMB SHADES

Discover the elegance and efficiency of Wynnstan's Custom Honeycomb Shades. Our expertly crafted shades offer a sophisticated look while providing exceptional insulation by trapping air within their unique cellular structure.

DISCOVER THE UNMATCHED BENEFITS OF HONEYCOMB SHADES

- Save big on energy bills with superior insulation
- Enjoy privacy and light control with minimal gaps
- Sleek and compact stacking for a neat look
- Enhance privacy with excellent sound absorption
- Perfect fit for any window shape or size
- Hassle-free cleaning and maintenance

Highly effective at noise cancellation and insulation, the unique honeycomb-shaped cells trap air and sound for a quieter, more energy-efficient home.

FABRIC OPACITY

Our Honeycomb Shades come in various fabric opacities, from sheer to blackout, allowing you to control light and privacy to suit any room's needs.

SHEER

Gently filter light and enable a picturesque view through your windows, while creating a soft, elegant ambience.

TRANSLUCENT

Translucent fabrics soften sunlight and provide a cozy ambience. Offering daytime privacy, and protect furnishings from UV fading.

BLOCKOUT

Perfect for complete darkness and privacy, block 100% external light to create a dark, restful cocoon whenever needed.

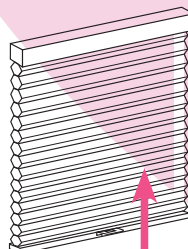

Fabric: Sabelle, Mimosa
Cell & Opacity: 20mm Translucent
Style & Control: Top Down Bottom Up, Easelift

Our Honeycomb Shades offer versatile design styles, which provide flexible light control and privacy solutions.

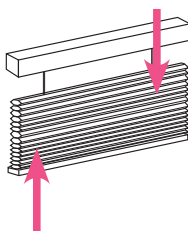

DESIGN STYLE

BOTTOM-UP

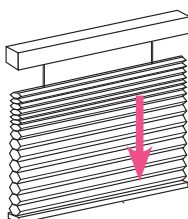

Effortlessly control light and privacy by raising the shades from the bottom, allowing you to enjoy a balance of natural light and seclusion.

TOP DOWN & BOTTOM UP

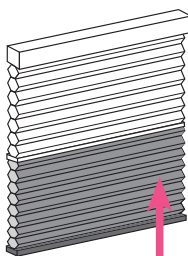

Enjoy the freedom to raise the shades from the bottom or lower them from the top, giving you unparalleled options to customise your view, light, and privacy.

TOP DOWN

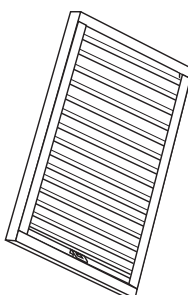

This innovative style lets you lower the shades from the top, providing unmatched flexibility in managing light while maintaining your desired level of privacy.

DUAL LIGHT

This unique style combines Sheer and Translucent / Blockout fabric within a single shade, allowing you to enjoy diffused natural light while maintaining privacy.

SKYLIGHT

Skylight Honeycomb Shades are designed for overhead windows, providing effective insulation and light control while adding an aesthetic touch to elevated spaces.

CONTROL OPTIONS

CORD LOOP

Experience smooth and easy operation with the continuous cord loop. A practical solution for those seeking convenience without compromising on functionality.

CORDLOCK

Effortlessly raise or lower your shades with a simple pull, allowing for precise and convenient adjustments to the desired height.

EASELIFT

Easelift allows you to operate your shade by gently lifting up or pulling down with your hand. A user-friendly option for hassle-free adjustments.

WYNMOTION MOTOR

Embrace a sleek and modern approach to managing natural light and privacy. Indulge in a luxurious and automated experience as you effortlessly control your shades with the touch of a button.

Wynmotion Remote

Easelift Control: Effortlessly raise and lower your shades by hand, no cords - perfect for child safety!

Fabric: Standard, Cotton
Cell & Opacity: 10mm Translucent
Style & Control: Bottom Up & Skylight, Easelift

FABRICS AND CELL SIZE

Whether you're looking for a bold blackout fabric or a luxurious translucent option, we have beautiful textures and colours to suit every design preference. With over 100 fabrics to choose from across our four cell sizes - 10mm, 15mm, 20mm, and Double Cell - we offer options ranging from sleek and slim to bold and grand.

Fabric: Sabelle, Gravel Wash
Cell & Opacity: 20mm Translucent
Style & Control: Top Down Bottom Up, Easelift

Minimal Light Gaps: Only 3mm gaps,
significantly smaller than the typical
10-15mm for standard blinds.
